PRESS RELEASE

**Deputy CM condemns attack made by Congress
on cow protectors of Gujarat**

Gandhinagar, Wednesday: Deputy Chief Minister Mr. Nitinbhai Patel announced that the recent issue of cow slaughter in Kerala (in public) by a Congress worker has led to a lot of resentment by the cow protectors in the country. Even in Gujarat, Chaitanya Shambhu Maharaj started a 48 hour fast in the presence of various saints at Sola Vidhyapeeth. During his fast expedition made by Congress fellows while they came to pray there. The state government strongly condemns such attack and all such people shall face a strict action from the law.

Mr. Patel said that while the fast was going on at Sola Vidyapeeth, the Congress fellows who disguised themselves to pray and be a part of the gathering, protested with slogans and posters and even pelted stones at the people there which are very insulting for the people of Gujarat.

While there is a lot of resentment against the Congress in the country due to the incident in Kerala, the party (Congress) is trying to protect the culprits rather than apologizing. The people are well aware of the ill means used by the Congress to earn political mileage. Rather than protecting the Hindu culture, Congress fellows are protecting the guilty which completely shows that the party (Congress) is giving a push to such anti-social elements. Looking forward at the coming elections in Gujarat, the Congress party is stunned and hence, using such evil ways to degrade the reputation of the state government which shall not be entertained by any means.
